Great Yorkshire and Humberside Awards

The Great British Care Awards are a celebration of excellence across the care sector. The purpose of the awards is to promote best practice within the sector and pay tribute to those individuals who have demonstrated outstanding excellence within their field of work.

There are a total of 22 award categories available for nomination, which represent all areas of the care sector, whether it be older people or specialist services, residential or home care. From frontline staff such as care workers and care managers to people who have made an impact in other ways such as training and innovation. The winners from these regional awards will then be invited to attend the national finals for either home care or care home in May 2012 and June respectively, at London's Royal Courts of Justice.

Please send your nominations in and join us in putting social care on the map.

The awards support the Care Professionals Benevolent Fund (CPBF) the registered charity for the Care Sector which supports current, former and retired care professionals, by providing assistance to relieve financial hardship or sickness.
